

# **MORGANELLI DESIGNS**

**RESPONSIVE CREATIVE**

Web Developer / Programmer

CMorganelli Designs, a full-service web and marketing agency in Allentown PA, is looking for an experienced web developer / programmer. In this role, you will develop websites, apps, and other forms of digital electronic media, all while maintaining brand standards across design projects and other marketing communication materials.

The ideal candidate must be comfortable and experienced in the latest web developing software and platforms necessary to produce front end – back end programming. Excellent communication and time management skills along with the ability to be a team player are essential for this position. We offer a competitive, dynamic, creative, fast-paced, and open work environment. The ideal candidate will be given the opportunity to grow in skills and responsibilities, but will also be expected to respond quickly to changes and requests.

**You will:**

- Create new web applications
- Set up and maintain MySQL databases
- Maintain existing applications built
- Work with visual designers to create a functional product from a graphical prototype

**We require the following qualifications and skills:**

- A **creative** web developer / programmer to be responsible for developing innovative web-based applications.
- The ability to work closely with our project managers, strategists, and design team members to develop specifications and make recommendations on the use of new and emerging technologies.
- Front end and back end programming and graphic design are elements of this position.
- Experience with HTML5 / XHTML and CSS3 (with emphasis on pseudo elements)
- Web programming experience; including PHP, ASP or JSP
- Experience working with database systems such as MySQL.
- Working knowledge of JavaScript
- Strong knowledge of JQuery
- Ability to develop and work with custom Wordpress websites
- Strong knowledge of responsive design principles is a must
- Experience developing and implementing open source software projects
